

Lion Pack Cubs AGM Report June 2020 - May 2021

This was Lion Pack Cubs second year, and a second year of disruption thanks to the pandemic, however this didn't stop the Cubs having a fun a varied programme - the leaders were very impressed with how well all the Cubs did their best and took part. Many thanks to all the Cubs, and to the families for their support again in a difficult year. Since our last AGM the pack has grown steadily from 16 to our maximum size of 24, and we have also been joined by a third regular leader who has been a massive help.

Summer 2020 (half term onwards)

Summer term was all online however the Cubs were able to complete the Disability Awareness badge - doing their own research into famous disabled people, learning how to do finger-spelling, and making a meal one-handed. We also worked through the Hampshire Scouts camping at home challenge, including making campfire models at home (to learn how to make a campfire).

Autumn 2020

Emerging from lockdown the term was kicked off with brilliant canoeing and kayaking at Runways End, where we had two great sessions on the water.

We had to split the pack into two and alternate weeks, due to limits on group sizes.

We also hiked to Flood Meadows, and had a second visit to Pierrepont Farm for the Naturalist badge.

The end of term was online, focussing on the International badge, including a great session cooking Swedish treats and making Swedish Christmas decorations, as well as finding out about international scout organisations.

We also looked at the contribution of Scouts during the war, for Remembrance Day.

Spring term 2021

Spring term was entirely based online - The first part of the term was based around the Digital Maker badge, with the Cubs creating their own digital art and computer programmes, and the Entertainer badge, where each Six created and performed their own short story for the rest of the pack, using puppets they made at home.

The rest of the term was rounded off with a fantastic virtual visit to RAF Odiham and an Emergency Aid session run by Hampshire Scouts.

Summer 2021 (up to half term)

We have been taking full advantage of being able to meet up again – with lots of outdoor activities to get active after lockdown.

We have hiked to Farrington (and back) from Chawton, had a Cycle-ympics at Jubilee Fields, and have an outdoor games session.

In our last meeting before half term we made working model catapults models.

We are looking forward to spending more time outside for the rest of the term, with plans including a cricket session (as suggested by the Cubs), more activities at Runways End (caving and crate-stacking), golfing at Worldham, and of course the Group Camp in July.

Many thanks from Lion Pack for the support behind the scenes within the group and district.

Paul, Steve, and Phil
